Thx, Steve!

Given that this is an "agreement" between FEMA & EPA, is this another reason why the CG might rethink our future pursuit of our own MA? Are we more "covered" or considered "incorporated" when operating under an EPA MA - as the deputy while EPA is the primary agency?

If we're going to pursue our own down the road maybe we should enter into our own agreement/understanding with FEMA.

Deep thoughts...

V/r,
